# CRRT Plans, Policies & Guidance

The screenshot shows a web browser window with two tabs: "Site Profile - CRRT Plans, Policies" and "CRRT - NRT". The address bar displays the URL "nrt.org/site/site\_profile.aspx?site\_id=33". The browser's toolbar includes navigation buttons, a search bar, and various extension icons. The main content area lists 11 appendices related to CRRT plans, policies, and guidance. The Windows taskbar is visible at the bottom, showing the Start button, search bar, and several open applications. The system tray in the bottom right corner displays the time as 8:15 PM on 3/13/2023.

Appendix 1 USCG/EPA Jurisdictional Boundaries for Puerto Rico and the US Virgin Islands

Appendix 2 CRRT Dispersant Agreements, Policies and Guidance:

- Letters of Agreement on the Limited Use of Dispersants and Chemical Agents for Puerto Rico and the US Virgin Islands
- CRRT Guidance for Use of Dispersants in Ocean and Coastal Waters [under revision]

Appendix 3 CRRT Surface Washing Agent Testing and Evaluation Protocol

Appendix 4 CRRT Policy for Use of In-Situ Burning in Ocean and Coastal Waters

Appendix 5 CRRT Limited Pre-Authorization Policy for Use of Solidifiers

Appendix 6 Endangered Species Act and Essential Fish Habitat Consultations:

- FWS Letter Confirming ESA Determinations for Dispersant, In-Situ Burning and Solidifier Preauthorizations, Sept 2015
- FWS and NMFS ESA Emergency Consultation Form
- NMFS ESA and EFH Emergency Consultation Form

Appendix 7 CRRT Best Management Practices for Oil Spill Response Operations

Appendix 8 CRRT Guidance for Ocean Dumping during Pollution Response Actions

Appendix 9 CRRT Guidance for the Disposal of Contact Water in Inland, Ocean, and Coastal Waters

Appendix 10 CRRT Guidelines for the Programmatic Agreement on Protection of Historic Properties during Emergency Response under the NCP

Appendix 11 CRRT Information and Lessons Learned During Emergency Response Operations for Vessel Groundings Involving Oil Spills In Coral Reef and Seagrass Habitats

# The Regional Contingency Plan

Caribbean Regional Response Team

Regional Oil and Hazardous Substances

Pollution Contingency Plan

December 2014

(Revised October 2020)

Report Oil and Chemical Spills  
1-800-424-8802

## RECORD OF PROMULGATION

The Caribbean Regional Contingency Plan (RCP) was developed in accordance with the provisions of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, the Clean Water Act of 1977 (as Amended) and the National Oil and Hazardous Substances Pollution Contingency Plan (NCP, 30 CFR 300), which require the Regional Response Team (RRT) in each federal region to develop a Regional Contingency Plan to coordinate effective response to oil spills and hazardous substance releases into the environment of the United States.

The RCP was developed in cooperation with the designated representatives from the federal, commonwealth and territorial organizations that make up the Caribbean Regional Response Team.

The RCP has been significantly streamlined to reduce duplication of material available in National and Area Contingency Plans and the Plan has been organized according to key functions of the RRT. To promote ease of use, the RCP has been published electronically and is available for viewing or download from the CRRT II website at:

<https://www.nrt.org/CRRTplans>

The seven main sections of the RCP are as follows:

- Section 1: Introduction (aligns RCP with NCP organization)
- Section 2: Relationship to and Consistency with the NCP
- Section 3: Regional Response Policies
- Section 4: RRT Operations and Administration
- Section 5: RRT Agency Roles, Capabilities and Support
- Section 6: Related Plans
- Section 7: References

Updates to this plan will be considered at RRT semiannual meetings and changes will be distributed in electronic format. Future changes to the plan will be documented in a Record of Amendments. Any changes or comments to the Region II RCP should be submitted to:

Steve Touw  
EPA RRT Coordinator  
U.S. EPA Region 2  
2890 Woodbridge Ave (MS-211)  
Edison, NJ 08837-3679  
[touw.steve@epa.gov](mailto:touw.steve@epa.gov)

This plan is in effect as of December 2014, and supersedes and replaces previous Caribbean Regional Contingency Plans.
