Vibrant Response Scenario Overview

National Preparedness Division

December 3, 2015

For Official Use Only (FOUO)

Vibrant Response Participation – History

- FEMA has participated in the Defense Support to Civil Authorities (DSCA) portion of ARNORTH's annual Vibrant Response (VR) exercise each year since 2012
- VR 13 - Command Post Exercise and Field Training Exercise
 - Conducted in FEMA Region V, with Illinois as simulated state, with advisory role
 - FEMA play limited due to exercise structure
- VR13-2 - Command Post Exercise and Field Training Exercise
 - Conducted in FEMA Region V, with Ohio as participating state
 - FEMA play included Regional Incident Management Assistance Team (IMAT), Mobile Emergency Response Support (MERS), Regional Response Coordination Center (RRCC), and simulation of National Response Coordination Center (NRCC)
- VR14 - Command Post Exercise and Field Training Exercise
 - Conducted in FEMA Region V, with Indiana as participating state
 - FEMA play included National IMAT, R-IMAT, MERS, NRCC and RRCC (Level I activations)

FEMA

National Preparedness Division

December 3, 2015

Vibrant Response – Future Intent

- FEMA met with U.S. NORTHCOM and ARNORTH on a path forward for exercises, agreeing to align exercises to planning efforts to the extent possible
- In 2015, the Vibrant Response exercise series shifted to only include the Command Post Exercise, lending to greater flexibility in exercise locations
- VR15
 - Conducted in FEMA Region VII, with Missouri as participating state
 - Interagency participation occurred May 3-7, 2015
 - FEMA extent of play included N-IMAT, R-IMATs (VII and II, observing), MERS, and simulation of the NRCC and RRCC
